Hi Kevin and Janet,

Thank you again for the call last week. I thought it was very productive. The company is willing to provide the information we discussed, and we are in the process of pulling it together now. Recognizing that this information is also relevant to Ohio EPA, even more so given the state's primary permitting responsibility, we plan to submit the information to Ohio EPA with a duplicate set to go to U.S. EPA. Thank you again for your continued courtesies as we work through this process together.
